Texture and pattern in the pillows and sculptural lamp warm up the minimalist furnishings, as do the rich espresso-stained oak floors. Black and white images of pop-culture personalities fill a clean white wall for a gallery-esque effect. A bright red end table injects a shot of colour. **Sofa**, upholstered armchair, Kiosk; **white side table**, Hollace Cluny; **red side table**, Snob; **lamp**, South Hill Home; **blanket**, Hermès; **artwork**, André Monet.
