Danforth Living

"and loving it!"

This is an amazing urban neighbourhood that just gets better and better with every new restaurant, shop and resident! I've lived here since 1969 and know it's about caring and involved people that makes it such a dynamic community.

Every client I work with, every house I sell adds to my commitment to the Danforth area! Call me when you want an agent who cares about you and the community you choose to live in. I'll give you the utmost in service, expertise and neighbourhood knowledge when helping you buy or sell.
